Every student. Every day.

Our attendance is **94%**

upwards to our whole school target of **95%**.

Please help us to get back to target level.

Best attendance for classes this week are as follows:

Y3 Jupiter = 96.5%

Y2 Gemini = 96.7%

Y2 Endeavour = 98%

Well done to everyone!

Reminder class photos on Tuesday 16th !
Please ensure your child is in the correct uniform.

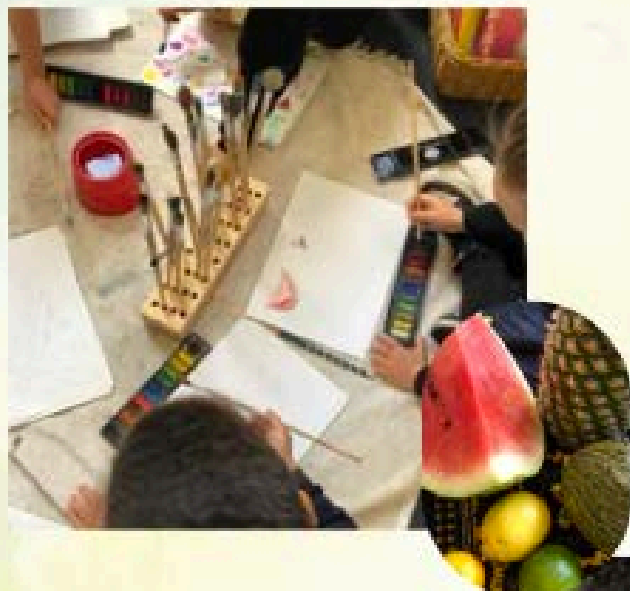

If it's your child's PE day, please send them with a PE kit in a bag so they could change after.

What's The Scoop in Early Years?

**We are World
Warriors!**

Our focus book has inspired us to protect our world. The children worked together to create posters to spread the message!

This week we explored healthy eating and a balanced diet. Reception then had a go at creating some bright and colourful pieces of artwork!

We rolled a dice, counted and represented the number using objects on a tens frame! We also practiced our number writing!

Classroom Newsletter

This week we have continued our learning about pirates, exploring a range of different pirate-themed objects and discussing their uses.

We have also been using our choice boards to help us make more requests and ask for different items. The children have been developing their communication skills by using their choice boards to make choices about the activities and items they would like.

In Maths, some of us have been learning to tell the time to the nearest o'clock, while others have been working on number bonds and developing our simple addition skills.

Looking Ahead

Next week we will be creating our own parrots as part of our pirate topic. We would be very grateful for any donations of empty toilet roll inner tubes, as we do not currently have enough for the whole class.

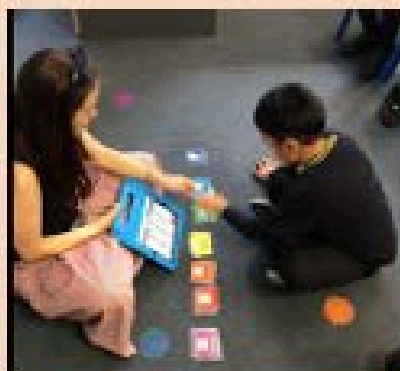

VOYAGER NEWSLETTER

Look What We Learned

ENGLISH

We are looking at "The Very Hungry Caterpillar". We have been continuing to look at the days of the week using a variety of communication methods to show our understanding.

We have been using our learning to help us in our everyday routine. In the morning we go through what day of the week it is. We have created "day of the week wheels" to help us know what day it is, what day it was yesterday and what day it will be tomorrow.

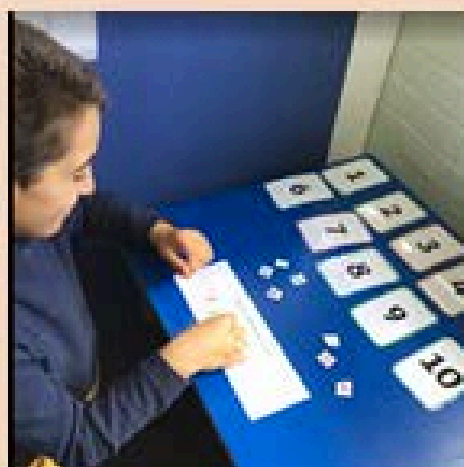

Responsibility

This week we have been focusing on responsibility and independence by getting the children to keep our learning space tidy and clean. The children are taking ownership and responsibility of their classroom.

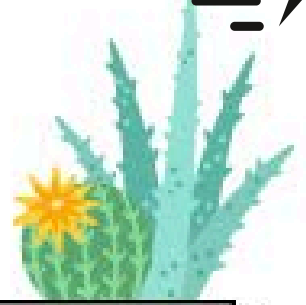

Maths

This week we have been looking at number lines. We have been ordering numbers, creating our own number lines and really enjoying our new number line song.

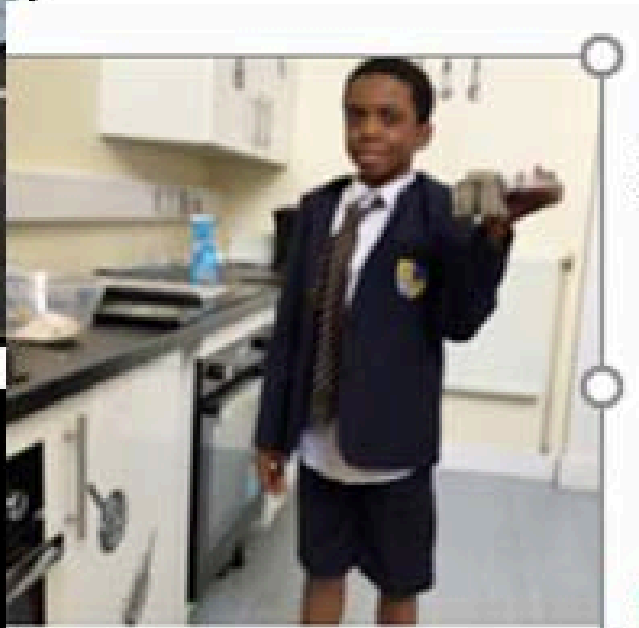

Galaxy News

This Week In Class...

The children in Galaxy Class had a wonderful time making chocolate chip cookies. Well done to our excellent bakers for whipping up such delicious treats! The cookies looked fantastic and tasted absolutely amazing. We are very proud of everyone for their enthusiasm and teamwork during this fun activity.

Discovery Zone - EY - KS1

Little Explorers-

Zak for working extremely hard in maths this week and learning to tell the time.

Voyager

Naomi - for challenging herself in Maths and English

Galaxy

Donovan Yonas- for writing excellent stories using descriptive language

Apollo

Eva has taken such responsibility this week! She has supported her teachers by organising our Milky Way space, watering our flowers and herbs and we're so proud of her. Eva has also been so engaged with our story 'Greta and the Giants' and has taken charge, with a plan to tell everyone at TPS how to look after our environment. Well done Eva!

Mercury

Myra has been so engaged in our topic this week! She has made great suggestions for how we could protect the forests and made a poster in a team! She also demonstrated fantastic counting and represented numbers on a tens frame!
Well Done Myra!

Atlantis and Enterprise

It was simply too difficult to choose just one Star of the Week this week, so we are giving it to all of Year 1! Throughout Phonics Screening Check week, every child has shown incredible effort, determination, and hard work, and we are so proud of the fantastic progress they have all made. You should all be very proud of yourselves – well done, Year 1!

Gemini-

Sebastian for leading by example every day, always ready to help and encourage those around you. Your positive attitude, active participation in lessons, and commitment to your learning make you a fantastic role model for everyone around you.

Endeavour -

Eliana for being a wonderful role model who consistently demonstrates kindness, respect, and responsibility. Your positive attitude and excellent behaviour inspire others to always do their best.

KS2

Viking

Harper for being an enthusiastic learner who tries her best in all her subjects and for being a helpful and kind friend.

Jupiter

Alfred has been keeping a positive attitude throughout assessment week. He has been very resilient and has been trying his best despite finding some questions tricky. He has also been very responsible, helping his peers when they were stuck on a task or supporting the adults with jobs around the school.

Pioneer and Mariner

We would like to congratulate the whole of Year 4 on successfully completing their Multiplication Tables Check this week. We were very impressed with the amazing effort and focus they showed during the test and the positive attitude they had whilst taking it. They have been working hard all year to learn their times tables and we have seen amazing progress from all of our Year 4 children, they should be very proud of how far they have come! Well done Year 4!

Mir

I am incredibly impressed by Jesse and the progress he has made in Maths. He has shown great resilience when tackling challenging calculations and has persevered through difficulties with a positive attitude. This hard work is now shining through in the fantastic work he is producing. You should be so proud of yourself, Jesse. Keep up the hard work!

Selene

Arisha consistently shows a positive and determined attitude towards her learning. I am also impressed by her! She has shown resilience in her attitude towards our assessments this week and should be very proud of herself. Well done, Arisha!

Ariel

Ariel will be back with the star of the week next week.

Juno

Grayson is our star this week! Grayson is always an absolute pleasure to have in the classroom. He shows determination and resilience. More recently, he has been absorbed by crossword puzzles and it is lovely to see him apply himself to tasks in the classroom independently! Keep being you, you star!

Education Wellbeing Service Webinar

Understanding and Managing Screen Time for Primary School Children

Join us for this one-hour webinar designed specifically for parents and carers of primary school-aged children. We'll explore what current research tells us about the impact of screen time on younger children, including the potential benefits and risks.

While screens are increasingly part of everyday life, from educational apps to gaming and TV, many parents wonder how much is too much, and how to guide their child's use in a healthy, balanced way.

This session will explore what the science says about screen time for children, separate common myths from facts and offer practical tips to help manage screen use at home in a positive and age-appropriate way.

SPINE FESTIVAL 2026

A free spoken word and arts festival
for children and families

MAGIC & IMAGINATION

16 MAY - 30 JUNE

If My Pen Was a Magic Wand.. Tooting Library

Saturday 20th June 10:30am

What if your pen was a magic wand, and could help you to write your own
powerful spells?

Poet Patrick Evans and musician Ri Baroque invite you for a fun and interactive
writing session, all about Magic & Imagination. Using games, writing activities
and musical inspiration, you'll learn how to write your own magic spell, and see
and hear the musical magic inside your own writing.

Suitable for ages 5+ and all writing levels and abilities. All writing materials
provided.
